

WHAT IS MOVING MID-MICHIGAN?

The 2045 Regional Metropolitan Transportation Plan, titled MOVING MID-MICHIGAN, is a long-range vision of our transportation system that considers everything from biking and pedestrian trails, to traffic congestion, road conditions, and public transit. We're seeking input from the public about changes that can be made to improve transportation in the region. Use these sample posts to spread the word on social media!

- Do you hate potholes? Do you ride your bike on the road or walk through parks? Do you take the bus? Do you own a business or like to shop? If you answered 'yes' to any of these questions, you should care about the 2045 Regional Metropolitan Transportation Plan! Transportation planning affects all of us; it influences the roads that are repaired, the systems that are implemented, and even the goods, services, and businesses that come into the area.
